

## Boston Mountain Solid Waste District 2023 Mini-Grant

We are excited to announce our 2023 Solid Waste Mini-Grant Program! Grants up to \$500 will be awarded to schools, civic organizations, and non-profits for projects addressing waste reduction, including equipment and educational materials for recycling, composting, vermiculture or other waste reduction initiatives. Applying organizations must reside in Washington or Madison County. All items purchased must facilitate recycling, composting and/or other waste reduction activities. Examples include recycling bins, water filling stations and compost bins/materials.

# Boston Mountain Solid Waste District 2023 Mini-Grant

## Grant Requirements

- Applicants must electronically submit a completed application with all information requested to [recycle@bmswd.com](mailto:recycle@bmswd.com) by the stated deadline, **December 1, 2023**.
- Grants will be limited to \$500.
- Grant recipients will be required to expend all funds, provide all receipts, and submit a final report within one calendar year of receiving notification of acceptance ( by 12/01/24).
- Grantees will be asked to purchase equipment and receive reimbursement for submitted receipts. If this is a problem for your organization please include that information in the grant proposal.
- The following items are *not* eligible for funding from grants: taxes, retroactive purchases, legal fees, licenses or permits, vehicle registration, or utilities.
- Tracking surveys throughout the grant cycle may be required.
- Organizations cannot hold more than one grant at a time. Additional mini-grant applications will only be considered once the previous final report has been accepted.
- In addition to receipts, grant recipients may be required to provide pictures or serial numbers for equipment, host site visits, or provide copies of produced educational materials.
- Grantees agree to forward Boston Mountain Solid Waste any media coverage, including copies of newspaper clippings, regarding awarded projects.
